20-X-6-.19. EMERGENCY CURBSIDE SALES AUTHORIZATION

Pursuant to emergency rule making authority under the Alabama Administrative Procedures Act, Alabama Code § 41-22-5(b)(1) and given the directive from Governor Kay Ivey in the State's attempt to prevent the spread of Covid-19, in an effort to assist Alabama businesses, the Alabama Alcoholic Beverage Control Board finds it appropriate to make the following temporary, emergency rule.

This emergency rule involves the suspension of the requirement for all sales to occur inside of a building on the licensed premises. Authorization of delivery or direct shipment of alcohol to consumers would require a change in the state law and requires legislative action.

- 1) An Alabama licensee who holds a license that allows the sale of alcoholic beverages for on-premises consumption only and/or off-premises consumption may now sell for off-premises consumption only using curbside pick-up or take-out services with the following restrictions:
 - a. All alcoholic beverages sold must be in a sealed, unopened container which is defined as a container containing alcoholic beverages, which has not been opened or unsealed subsequent to filling and sealing by the manufacturer or importer (See Section 28-3-1(32), Code of Alabama, 1975).
 - b. The licensee may sell no more than one liter bottle of spirits, two 750 ml bottles of wine, or one case of beer per customer.
 - i. Spirits may be sold in any size bottle(s), provided that the total amount of the spirits sold does not exceed one liter per customer.
 - ii. Wine may be sold in any size bottle(s), provided that the total amount of the wine sold does not exceed 1500 ml per customer.
 - iii. Beer may be sold in any packaging and in any size container, provided that the amount of beer sold does not exceed 288 ounces. Draft beer may be sold only in areas where it has been authorized by the local governing jurisdiction and sealing requirements are met.
 - c. The employee processing and handling the pick-up or take-out order must be 21 years of age or older.
 - d. The licensee or employee processing and handling the pick-up or take-out order must verify that the recipient is 21 years of age or older, using identification listed in ABC Rules and Regulations 20-X-6-.09(d).
 - e. The licensee is responsible for following all other ABC Rules and Regulations and Title 28, Code of Alabama, 1975.
